

Memorandum of Understanding
Between
The Society of Exploration Geophysicists (SEG)
And
The Asia Oceania Geosciences Society (AOGS)

The AOGS and SEG enter into this agreement to promote collaborations and international opportunities for their members. To that effect, SEG and AOGS will promote the following activities:

1. Expansion of membership of both organizations through possible joint programs
2. Exchange of information through interchange of primary publications and possible co-organization of scientific conferences

In recognition of mutual interests and as a means of furthering the common goals and objectives of both organizations the collaborations are carried out under the following terms:

1. Neither organization shall have any financial obligation to the other, the exception being joint collaborative events where financial terms will be negotiated in a separate Memorandum of Agreement (MOA).
2. Each organization will offer members of the other organization registration at member rates at its annual meeting.
3. Each organization will offer the other organization a standard booth at its annual meeting at a mutually-agreed, discounted rate.
4. Both organizations will seek to collaborate where appropriate.
5. Both organizations will seek to collaborate between their business offices.
6. Each organization will list the annual meeting of the other organization in its primary journal and on its website, involving current protocol and approvals by each party.

This agreement may be dissolved by either organization at any time with 30 days written notice. Should there be joint events already planned or in progress at the time of termination, both Societies agree to continue the terms of the individual MOAs until the joint activity is completed or abandoned by mutual consent. This agreement shall be reviewed every three (3) years, understanding though that if the Societies fail to perform the 3-year review the agreement will remain in force until specifically canceled.

President of AOGS

President of SEG

Secretary General of AOGS
