

Kamide Lecture Award

(Year Instituted: 2018)

Out of the two Distinguished Lectures (DLs) in each AOGS section every year one shall be delivered by an early career researcher (including post-doctoral researchers) under the title Kamide Lecture (K-DL). The age limit of the K-DL is 35 years of age or no more than 7 years after successfully passing doctoral level degree. The selection of K-DL is the responsibility of the sections, and should be approved by the AOGS council. The duration of K-DL and other benefits are same as DLs.

The award is named the “Kamide Lecture Award” in honour of Professor Yohsuke Kamide, one of three major founders of AOGS.

The name Kamide Lecture replaces the Early Career Researcher- Distinguished Lecture (ECR-DL) which was instituted in 2014. The Kamide Lecture Award replaces the Y Kamide Early Career Researcher (ECR) Award. In contrast to the Y Kamide ECR Award which was awarded to one of the ECR-DLs in the following year, the Kamide Lecture Award is given to all 8 sections’ Kamide Lecturers.

Approved on 9 June 2018 at AOGS Council Meeting in Honolulu for implementation from 2019.

Early Career Researcher Distinguished Lecture

(Year Instituted: 2014)

Approved on 30 November 2014 at AOGS Council Meeting in Beijing for Implementation from 2016

Out of the present two Distinguished Lectures (DLs) in each AOGS section every year one shall be delivered by an early career researcher including post-doctoral researchers under the title Early Career Researcher Distinguished Lecture (ECR-DL). The age limit of the ECR-DL is 35 years of age or no more than 7 years after successfully passing doctoral level degree. The selection of ECR-DL is the responsibility of the sections, and should be approved by the AOGS council. The duration of ECR-DL and other benefits are same as DLs.

Y Kamide Early Career Researcher Award

(Year Instituted: 2014)

Approved on 30 November 2014 at AOGS Council Meeting in Beijing for Implementation from 2017

1. Out of the Section ECR-DLs, one will be selected by the Council for the “Early Career Researcher Award” in the following year. Only those who submit one or more papers to “Geoscience Letters”, official journal of AOGS, can be eligible to be considered for selection.
2. The award is named the “Y Kamide Early Career Researcher Award” or “Kamide Award” in short in honour of Professor Yohsuke Kamide, one of three major founders of AOGS.
3. The award winner will:
 - a. Receive a certificate, to be presented by AOGS at the General Assembly
 - b. Be allowed a two-minute acceptance speech following the receipt of the certificate
 - c. Deliver an evening lecture during the AOGS Annual Meeting
 - d. Be entitled to complimentary registration to attend three consecutive AOGS Annual Meetings, starting with the award year and two following years. The purpose of the complimentary registrations is to defray the costs of attending the annual meetings to share research findings, helping them gain better foothold in geosciences
